LinkedIn Learning Exam Score  
WEB 213 OA1

The screenshot shows a web browser window with the LinkedIn Learning exam results page. The browser's address bar shows the URL: <https://www.linkedin.com/learning/exams/summative/courses/seo-foundations-14828080/resul...>. The page header includes the LinkedIn Learning logo, a "Download certificate" button, a "Retake exam" button, and a "Return to course" button. Below the header, it states "Exam completed on: January 20, 2023" and "Score: 83% · 20/24". The main content area is titled "Exam questions" and has two tabs: "Show all" (selected) and "Show wrong only". There are three visible question cards, each with a green checkmark icon and a right arrow. The questions are:

- Question 1 of 24: What domain extensions tend to represent trustworthy links to target?
- Question 2 of 24: Which is **not** available as a filter in the Performance > Search results report?
- Question 3 of 24: Which are the most important aspects in creating good content?

Below these, the start of a fourth question is visible: "Question 4 of 24".
