Question 1

Correct

1 points out of 1

ArcGIS Online allows you to control who can access your or your organization's content with different levels of sharing. Match the levels of content sharing with their descriptions.

_____ are collections of content related to a particular theme or area of interest. _____ members can collaborate on content shared to the group. Membership can be open or restricted, depending on your needs.

Group(s)

Only the content owner and the organization administrators can see this content. This is an appropriate level of sharing if you are still developing a piece of content and are not ready for others to use it.

Private

All users can see this content. This content can be used freely across the Internet. This option is ideal for government and open data as well as public publications. Again, publicly shared content can also be included in groups.

Public

This level of sharing allows everyone in an organization to access this content, while still providing a content depot for teams of colleagues.

Organization

Your answer is correct.

The correct answer is: _____ are collections of content related to a particular theme or area of interest. _____ members can collaborate on content shared to the group. Membership can be open or restricted, depending on your needs. → Group(s), Only the content owner and the organization administrators can see this content. This is an appropriate level of sharing if you are still developing a piece of content and are not ready for others to use it. → Private, All users can see this content. This content can be used freely across the Internet. This option is ideal for government and open data as well as public publications. Again, publicly shared content can also be included in groups. → Public, This level of sharing allows everyone in an organization to access this content, while still providing a content depot for teams of colleagues. → Organization

Question 2

Correct

1 points out of 1

Match the ArcGIS Online content type to its description.

Web _____ are similar to web maps, except that they display 3D geographic data and phenomena. Layers can be mapped with 3D symbology.

Scenes

Web _____ allow you to control how users interact with web maps and scenes. They provide a more focused experience as well as the opportunity for more context and utility. Users can create their own web _____, even if they have no programming experience.

Apps

Common types of _____ that are shared through ArcGIS Online include reports (PDFs), CSV files, and shapefiles. CSV files and shapefiles can be made into layers.

Files

Web _____ are 2D maps made up of web layers that can be shared, edited, and displayed online. They are a core piece of content in ArcGIS Online that can be used across the ArcGIS platform.

Maps

One of the primary ways that you work with geographic data in ArcGIS Online. All web maps and scenes include these. Each _____ references a dataset and specifies how that dataset is portrayed using symbols and text labels.

Layers

Your answer is correct.

The correct answer is: Web _____ are similar to web maps, except that they display 3D geographic data and phenomena. Layers can be mapped with 3D symbology. → Scenes, Web _____ allow you to control how users interact with web maps and scenes. They provide a more focused experience as well as the opportunity for more context and utility. Users can create their own web _____, even if they have no programming experience. → Apps, Common types of _____ that are shared through ArcGIS Online include reports (PDFs), CSV files, and shapefiles. CSV files and shapefiles can be made into layers. → Files, Web _____ are 2D maps made up of web layers that can be shared, edited, and displayed online. They are a core piece of content in ArcGIS Online that can be used across the ArcGIS platform. → Maps, One of the primary ways that you work with geographic data in ArcGIS Online. All web maps and scenes include these. Each _____ references a dataset and specifies how that dataset is portrayed using symbols and text labels. → Layers

Question 3

Partially correct

1 points out of 1

Choose the 3 main ways you can add layers to Web Maps in ArcGIS Online.

Choose the 3 main ways you can add layers to Web Maps in ArcGIS Online.

Select one or more:

- ☒ a. Local files ✓
- ☐ b. ArcMap
- ☐ c. Map notes
- ☐ d. Google Earth
- ☒ e. ArcGIS Online ✓
- ☒ f. Scenes ✗

Your answer is partially correct.

You have correctly selected 2.

The correct answers are: ArcGIS Online, Local files, Map notes

Question 4

Correct

1 points out of 1

Which of the following best describes an ArcGIS Online organization?

Select one:

- ☐ a. A desktop application for an organization to access local geospatial data
- ☐ b. A method of organizing or arranging maps, scenes, apps, layers, and other content in ArcGIS Online; this may involve groups, folders, and schemas
- ☒ c. A discrete virtual space within the ArcGIS Online cloud that gives an organization the ability to manage content and foster collaboration ✓
- ☐ d. The organization that hosts ArcGIS Online; this includes location of servers, administrators, and management

Your answer is correct.

The correct answer is: A discrete virtual space within the ArcGIS Online cloud that gives an organization the ability to manage content and foster collaboration

Question 5

Correct

1 points out of 1

Provide a simplified interface that allows you to share a story or message in a focused way and allows others to explore the map with a specific purpose in mind.

Select one:

- ☒ a. Apps ✓
- ☐ b. Maps
- ☐ c. Pop-ups
- ☐ d. Layers

Your answer is correct.

The correct answer is: Apps

Question 6

Correct

1 points out of 1

Which of the following are ArcGIS Online account types?

Select one or more:

- ☐ a. Esri
- ☒ b. Organizational ✓
- ☒ c. Public ✓
- ☐ d. GIS
- ☐ e. A-B Tech

Your answer is correct.

The correct answers are: Organizational, Public

Question 7

Correct

1 points out of 1

A cloud-based geographic information system used to map data, share content, and collaborate.

Select one:

- ☐ a. ArcGIS Pro
- ☐ b. ArcGIS Web
- ☐ c. Esri
- ☒ d. ArcGIS Online ✓

Your answer is correct.

The correct answer is: ArcGIS Online

Question 8

Correct

1 points out of 1

The image below shows available _____ in ArcGIS Online.

Imagery

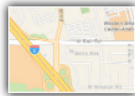

Imagery Hybrid

Streets

Topographic

Navigation

Terrain with
LabelsLight Gray
CanvasDark Gray
Canvas

Select one:

- ☒ a. Basemaps ✓
- ☐ b. Operational layers
- ☐ c. Feature layers
- ☐ d. Tile layers

Your answer is correct.

The correct answer is: Basemaps

Question 9

Correct

1 points out of 1

In ArcGIS Online, how can you save a predefined zoomed area of the map so a user can easily zoom back to this area at any time?

Select one:

- ☐ a. Map Tiles
- ☐ b. Spatial extent
- ☐ c. Pop-ups
- ☒ d. Bookmarks ✓

Your answer is correct.

The correct answer is: Bookmarks

Question 10

Correct

1 points out of 1

In a web map, which layer can you edit and analyze?

Select one:

- ☐ a. All layers
- ☒ b. Operational layer ✓
- ☐ c. Basemap layer
- ☐ d. Tile layer

Your answer is correct.

The correct answer is: Operational layer

Question 11

Correct

1 points out of 1

The item page helps other people find your content, as well as understand its purpose, the data it contains, and whether there are restrictions on its use. Choose the items on content page you should edit to improve the page.

Select one or more:

- ☐ a. Layers
- ☒ b. Credits (Attribution) ✓
- ☒ c. Description ✓
- ☒ d. Terms of use ✓
- ☐ e. Comments

Your answer is correct.

The correct answers are: Description, Terms of use, Credits (Attribution)

Question 12

Correct

1 points out of 1

What does the tool represented by this icon  allow you to do?

Select one:

- ☐ a. Edit the area of a polygon or length of a line
- ☐ b. Measure the page dimensions of a map
- ☒ c. Measure the area of a polygon or length of a line ✓
- ☐ d. Measure slope of a line

Your answer is correct.

The correct answer is: Measure the area of a polygon or length of a line

Question 13

Correct

1 points out of 1

You create a map but don't want anyone else to have permissions to see or access it. What is the appropriate sharing level for this scenario?

Select one:

- ☐ a. Personal
- ☐ b. Group
- ☐ c. Single
- ☒ d. Private ✓
- ☐ e. Organization

Your answer is correct.

The correct answer is: Private

Question 14

Correct

1 points out of 1

This ArcGIS Online account type is free but cannot be used for commercial purposes and has limits on usage.

Select one:

- ☒ a. Public ✓
- ☐ b. Esri
- ☐ c. Online
- ☐ d. Trial
- ☐ e. Organizational

Your answer is correct.

The correct answer is: Public

Question 15

Correct

1 points out of 1

You create a map and would like it to be used by anyone and everyone regardless of whether they have an ArcGIS Online account or not. What is the appropriate sharing level for this scenario?

Select one:

- ☐ a. Single
- ☐ b. Group
- ☒ c. Everyone (public) ✓
- ☐ d. Organization
- ☐ e. Private

Your answer is correct.

The correct answer is: Everyone (public)

Question 16

Correct

1 points out of 1

What do you use to create 3D visualizations in ArcGIS Online?

Select one:

- ☐ a. Maps
- ☐ b. Apps
- ☐ c. Google Earth
- ☒ d. Scenes ✓

Your answer is correct.

The correct answer is: Scenes

Question 17

Incorrect

0 points out of 1

What is a benefit to sharing content with a group?

Select one:

- ☒ a. It allows you to answer questions providing a library of geospatial analysis tools. ❌
- ☐ b. It allows for smart mapping by pulling map styles from a cartographic library.
- ☐ c. It allows you to choose a set of users who can access a collection of content.
- ☐ d. It allows you to view layers in 3D.

Your answer is incorrect.

The correct answer is: It allows you to choose a set of users who can access a collection of content.

Question 18

Incorrect

0 points out of 1

Allow you to hide fields that you don't want people to see or show only a subset of the features in the overall dataset. Essentially, filtering out content in a layer without deleting it.

Select one:

- ☐ a. View definition
- ☒ b. Selection ❌
- ☐ c. View query
- ☐ d. Spatial view

Your answer is incorrect.

The correct answer is: View definition

Question 19

Correct

1 points out of 1

Pop-ups cannot be customized.

Select one:

- ☐ True
- ☒ False ✔️

The correct answer is 'False'.

Question 20

Correct

1 points out of 1

For best results, a thumbnail image should adhere to recommended size and file type specifications.

Select one:

- ☒ True ✓
- ☐ False

The correct answer is 'True'.
